REPORT OF COMPTROLLER FOR FISCAL YEAR ENDING JUNE 30, 1932

*Hon. Doyle E. Carlton,
Governor,
The Capitol.
Sir:*

I have the honor to submit this, my fifteenth Annual Report, on the State's financial condition, covering the fiscal year ending June 30th, 1932. It will be noted that the gap has not yet been bridged between receipts and expenditures. The requirements to meet legislative appropriations far exceed the normal receipts for the period, making it necessary to transfer funds to the extent of \$800,000.00 to the General Revenue Fund. We do not have to look far to find the cause.

A comparison of the actual receipts with the estimate of the last legislature of expected revenues to be derived from new sources of revenues and otherwise gives the answer. The comparative statement follows:

Sources of Revenue	Legislative Estimate	Actual Yield
General Inspection	\$ 700,000.00	
Delinquent ad valorem	1,250,000.00	\$ 305,299.70
General License	400,000.00	383,073.96
Special License on Insurance Premiums.....	1,000,000.00	766,900.02
Comptroller's Fees and Commissions.....	35,000.00	29,736.67
Secretary of State Fees and Commissions....	173,000.00	27,662.75
Corporation Tax (new)	550,000.00	230,000.00
Utilities Tax (new)	700,000.00	120,816.19
Chain Store Tax	200,000.00	80,187.37
Tax on Commissions	25,000.00	15,995.00
Special License Tax on Pullman and Tel....	58,000.00	55,451.43
Inheritance and Estate Tax	100,000.00	170,246.10
Documentary Stamp Tax	1,000,000.00	264,370.61
One Cent Gas Tax.....	2,225,000.00	1,851,420.46
	\$8,416,000.00	\$4,319,829.26
Estimate	\$8,416,000.00	
Received	4,319,829.26	
Difference	\$4,096,170.74	

The State Budget has not been balanced since 1927; that is to say, the normal receipts for general revenue, the fund from which

the ordinary expenses of the state are paid, have not been sufficient to meet expenditures to be made by legislative appropriations. The difference being made up annually by transfer of money from other funds under special statutory authority.

It is essential that the Budget be balanced without depending on transfers. This can be accomplished by reducing expenditures or increasing revenues, or both, reducing some and increasing some.

Present sources of revenues can be very materially increased by putting "teeth" in the laws to cause all coming within the law to respond alike. This is especially true of the Documentary Stamp Tax Law and the Occupational License Tax Law.

While the cost of state government proper is a relatively small percentage of the total expenditures, being 5.93% thereof, it can be reduced by doing away with unnecessary things.

This report is thought to be the most comprehensive ever published and I hope will furnish the Legislature and others with enough information to solve the financial difficulties that lie ahead.

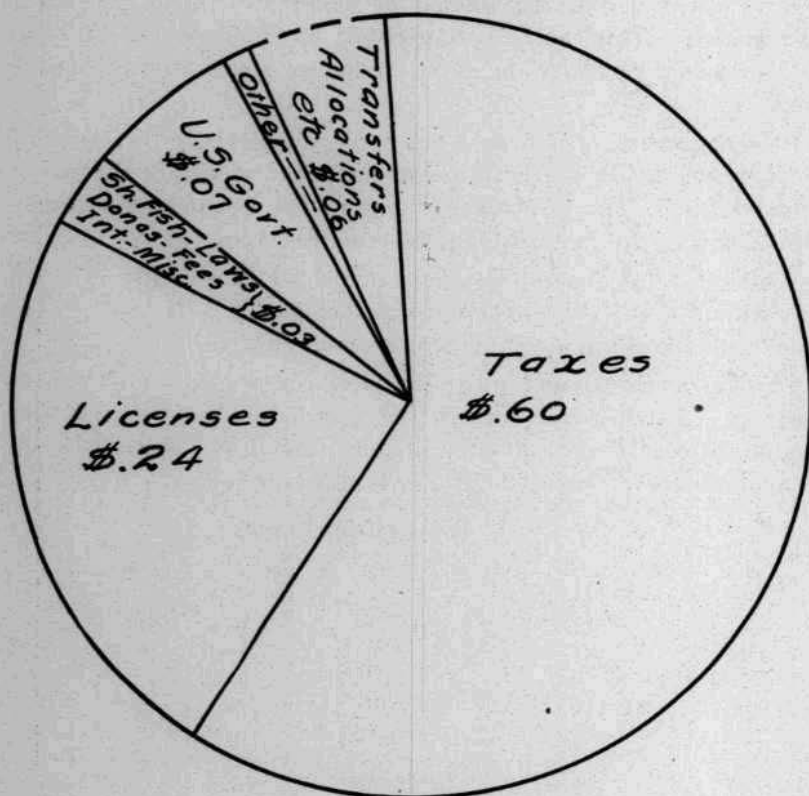

Comprehensive charts, tables and statements follow.

Respectfully submitted,

ERNEST AMOS,

Comptroller.

GRAND TOTAL						

* \$21,315.93 was refunded to Fred E. Fenno, Clerk of the Circuit Court of Palm Beach County, on account of Senate Bill 190X.

† \$21,011.04 is the amount of State interest collected on redemptions from August, 1931, to May, 1932, inclusive. This amount was held to reimburse the several counties for interest collected on July, 1931, redemptions the total amount of which was inadvertently paid over to the State Treasurer when a proportionate part should have been returned to each of the several counties. This reimburses each county in full up to June 30, 1932.

NOTE: The cost of summer school is included in the above expenditures but no effort was made to determine this cost separate from regular term so this statement includes all expenditures of the University either directly or indirectly and is calculated on a calendar year basis for the reason that certain overhead expenses are necessary the year round and as the Comptroller's records are maintained only upon a receipt and disbursement basis, it was not thought advisable to attempt to determine the actual cost per pupil per school day for the regular or summer terms. Above figures do not include board, lodging, tuition or other expenses chargeable against the pupils and includes only expenditures made through office of State Comptroller.
